Second question we've received about oily sheens and CWA.

Thanks Phillippa,

Two questions which may or may not be answered in the update:

__ Any estimate yet on how much crude oil entered the lake?

__ Also, are oily sheens on surface waters are a violation of the Clean Water Act? (I saw one story that mentioned that). I'd like to determine if that's the case, and whether that could result in any penalties.

Hi Phillippa,

I'm updating the AP's story on the BP Whiting oil spill and I'm hoping you can give me a call when you have a chance.

Thanks,

_Rick
